Subject: FW: Consultation summary. Can you take a quick look? Thanks

Here is a draft paper developed in May, since I am operating from limited email I am unable to determine if this was the final one sent forward, either way it is a nice summary to include with the package.

This one could have the information added between May and August. We had the two webinars (we opened one for the Corps, meeting with APC and South Naknek (in R10), meeting with UTBB (via phone). We had several requests for consultation with the Administrator from tribes (Iliamna, UTBB, South Naknek) and tribal corporations (Pedro Bay, South Naknek, Iliamna Natives Ltd), most likely all of them she will be meeting in Dillingham or Iliamna. There were strong sentiments regarding consultation in the Pedro Bay and Iliamna letters (both IVC & INL). This is important for her to know, when Administrator Jackson was in Dillingham a couple of years ago she mentioned that consultation was starting at the highest levels and so there will likely be a similar expectation from the tribes.

Since then there have also been numerous requests, in particular the recent Ekwok request. Which we need to respond to, ASAP. Please let me know if you need anything on this one.

There is at least one more paper that I have to send to you regarding background on AK Native Corps.

Thanks! Tami
